

Boost Working Capital, at No Cost, with Quartix!

Unlock the potential of your suppliers invoice data

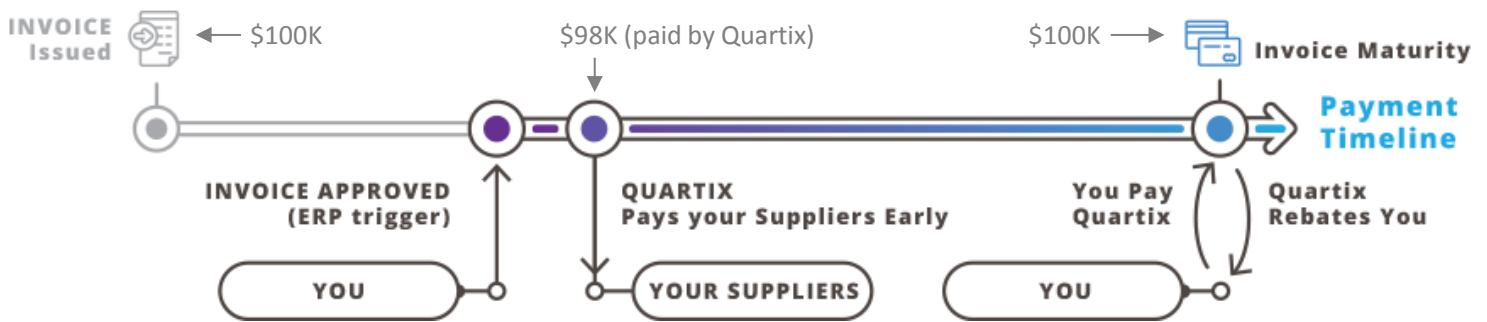

Supply-Chain Finance (SCF) is a **turnkey, free working capital & ebitda booster** for industrial buyers.

Until today, only giants like P&G or Walmart had access to SCF. Quartix levels the playing field.

Have many suppliers? Quartix taps into invoice data without changing your buying process, creating a **win-win** between you and your suppliers

Simple, Digital 3-Step SCF Process:

Quartix offers **your suppliers** affordable finance for invoices **you** have approved

Already offer cash-discount / p-cards to some suppliers? Quartix can cover the remaining long-tail;

Unlike with these supplier-finance solutions, with Quartix – **you never pay a day too early!**

Your Benefits: Up to 5% profitability boost

- A** Boost **working capital, at No Cost**
Easier to extend payment terms with Quartix

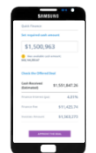

↑ **15%**

Compatibility

- C** Your **supply-chain**
Stronger, more inclusive, better performance

Reduce dependency on costly factoring / ABL solutions. Kick-start with Quartix in **2-3 weeks!**

Turnkey, Quick Start SCF

- We digitally obtain your suppliers invoice data via an ERP plugin
- You decide which suppliers are OK to participate
- We'll on-board the suppliers, pay them early instead of you
- Ongoing SCF profit for you, no operation headache, no costs
