Accreditation Advisor to Bureau Veritas International Doha L.L.C

Dear Vishal,

I would like to thank you and your team for providing excellent service as accreditation advisor for ISO 17020 and ISO 17024 since May 2018. You have shown excellent understanding of the standard and your mentoring skills enabled our team to achieve the accreditation in a very short time.

I would like to specifically thank you for the extraordinary service that you provided to ensure that BVIL is fully prepared for the accreditation standard requirements. Your guidance to enhance our experience in the accreditation process is highly appreciated.

Considering the present challenging business scenario, we could work on all aspects of our on-going techno-commercial contract in mutually beneficial way.

We will be glad to associate with you for our future projects and will be happy to refer you to other business lines across BV network.

Sincerely,

M. A. Krishnan
